

DESIGN THINKING - Session 5°

In this session, we proposed one prototype and recieved feedback on it. ~~We discussed~~ and also gave our ~~com~~ solution requirements lists.

We discussed about the implementation of our prototype, and the costs associated with it.

We ~~are~~ will be proposing two more prototypes after the week of minors, we could only submit one due to our heavy schedules before exams.

We ~~are waiting~~ enquired if ~~funds~~ we will recieve funds to implement our project. "We ~~a~~ were informed to ~~make the~~ start working on ~~the~~ making a functioning device with minimal efficiency."
